

The descent was steep and rocky, but Dany rode fearlessly, and the joy and the danger of it were a song in her heart. All her life Viserys had told her she was a princess, but not until she rode her silver had Daenerys Targaryen ever felt like one.

At first it had not come easy. The khalasar had broken camp the morning after her wedding, moving east toward Vaes Dothrak, and by the third day Dany thought she was going to die. Saddle sores opened on her bottom, hideous and bloody. Her thighs were chafed raw, her hands blistered from the reins, the muscles of her legs and back so wracked with pain that she could scarcely sit. By the time dusk fell, her handmaids would need to help her down from her mount. Even the nights brought no relief. Khal Drogo ignored her when they rode, even as he had ignored her during their wedding, and spent his evenings drinking with his warriors and bloodriders, racing his prize horses, watching women dance and men die. Dany had no place in these parts of his life. She was left to sup alone, or with Ser Jorah and her brother, and afterward to cry herself to sleep. Yet every night, some time before the dawn, Drogo would come to her tent and wake her in the dark, to ride her as relentlessly as he rode his stallion. He always took her from behind, Dothraki fashion, for which Dany was grateful; that way her lord husband could not see the tears that wet her face, and she could use her pillow to muffle her cries of pain. When he was done, he would close his eyes and begin to snore softly and Dany would lie beside him, her body bruised and sore, hurting too much for sleep.

Day followed day, and night followed night, until Dany knew she could not endure a moment longer. She would kill herself rather than go on, she decided one night...

Yet when she slept that night, she dreamt the dragon dream again. Viserys was not in it this time. There was only her and the dragon. Its scales were black as night, wet and slick with blood. Her blood, Dany sensed. Its eyes were pools of molten magma, and when it opened its mouth, the flame came roaring out in a hot jet. She could hear it singing to her, She opened her arms to the fire, embraced it, let it swallow her whole, let it cleanse her and temper her and scour her clean. She could feel her flesh sear and blacken and slough away, could feel her blood boil and turn to steam, and yet there was no pain. She felt strong and new and fierce.

And the next day, strangely, she did not seem to hurt quite so much. It was as if the gods had heard her and taken pity. Even her handmaids noticed the change. "Khaleesi, " Jhiqui said, "what is wrong? Are you sick?"

"I was," she answered, standing over the dragon's eggs that Illyrio had given her when she wed. She touched one, the largest of the three, running her hand lightly over the shell. Black-and-scarlet, she thought, like the dragon in my dream. The stone felt strangely warm beneath her fingers... or was she still dreaming? She pulled her hand back nervously.

From that hour onward, each day was easier than the one before it. Her legs grew stronger; her blisters burst and her hands grew callused; her soft thighs toughened, supple as leather.

The khal had commanded the handmaid Irri to teach Dany to ride in the Dothraki fashion, but it was the filly who was her real teacher. The horse seemed to know her moods, as if they shared a single mind. With every passing day, Dany felt surer in her seat. The Dothraki were a hard and
